

BSB SUMMER SCHOOL

June 22 to July 3, 2026

 **BSB**
BURGUNDY SCHOOL OF BUSINESS

ABOUT BSB

Established in 1899, BSB is one of the world's oldest business schools and belongs to the prestigious 1% of triple-accredited institutions.

BSB focuses on a personalized approach, prioritizing the student experience, and delivering diverse programmes with a strong international dimension to meet students' individual needs.

INTERNATIONAL RECOGNITION

AACSB, EQUIS and AMBA are international accreditations that recognise business schools for the quality of their training. BSB is in **the top 1% of all business schools worldwide** with this impressive triple accreditation.

BSB ranks **49th worldwide in the 2025 Financial Times** Masters in Management, standing out among France's top schools for career progression.

INTERNATIONAL COMMUNITY

With 25% of our students and 43% of our faculty coming from abroad, BSB offers a truly international environment. This cultural diversity will broaden your perspective and prepare you to thrive in global careers and multicultural workplaces.

BSB SUMMER SCHOOL

2 EXCLUSIVE MODULES

Authentic Leadership & Human Centered Innovation (Design Thinking)

Dates: June 22 to June 26, 2026

Location: BSB Dijon Campus
29 rue Sambin, 21000 Dijon, France

Empowering Sustainability: Transformative Pathways in Consumption

Dates: June 29 to July 3, 2026

Location: BSB Lyon Campus
99 rue du Professeur Beauvisage, 69008 Lyon, France

AUTHENTIC LEADERSHIP & HUMAN CENTERED INNOVATION

Human Centered Design

Thinking (HCDT) is an innovation method that makes an essential 'detour' called EMPATHY to explore the needs of people involved in a problem, or being capable to provide inspiration to solve the problem before jumping to the solution of the problem. During this programme Human Centred Design Thinking will be applied to a local real-life company mission.

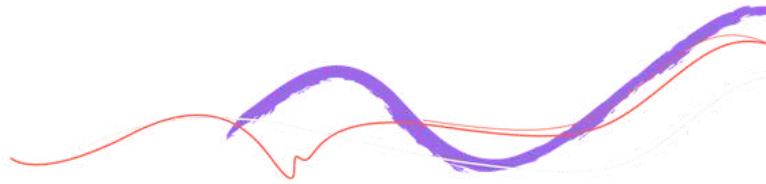

The programme has also a strong focus on personal development and soft skills. It aims to stimulate people-centered leadership based on students' awareness of their personal strengths, morals and unique qualities. It allows students to develop their personal leadership potential and better access their creative potential in their professional and personal life.

PROGRAMME HIGHLIGHTS

- 5-days – 25 teaching hours – 5 hours per day – 4 ECTS credits.
- Innovative learning approaches beyond traditional leadership theory that encourage authenticity, action, and the courage to seek one's true leadership identity.
- Human Centered Design Thinking (HCDT) – innovation method originally defined by the consulting company IDEO applied to a real existing problem. Local real-life company mission.
- Coach with more than 10-years of international consulting experience.
- Extracurricular cultural activities.

WHAT WILL YOU LEARN?

- Identify the root cause of problems with an authentic, empathetic perspective.
- Recognize your unique leadership strengths and growth areas to lead in a people-centered way.
- Engage creatively with your environment.
- Use qualitative research methods and creativity techniques appropriately.
- Generate powerful, innovative solutions.

PROGRAMME OUTLINE

- DAY 1** Introduction & The Process Communication Model
- DAY 2** Authentic leadership
- DAY 3** Empathy & Problem identification
- DAY 4** Problem definition & creative solution finding
- DAY 5** Testing & presenting the solutions to the company

PROGRAMME ASSESSMENT

HCDT diary (individual assignment)

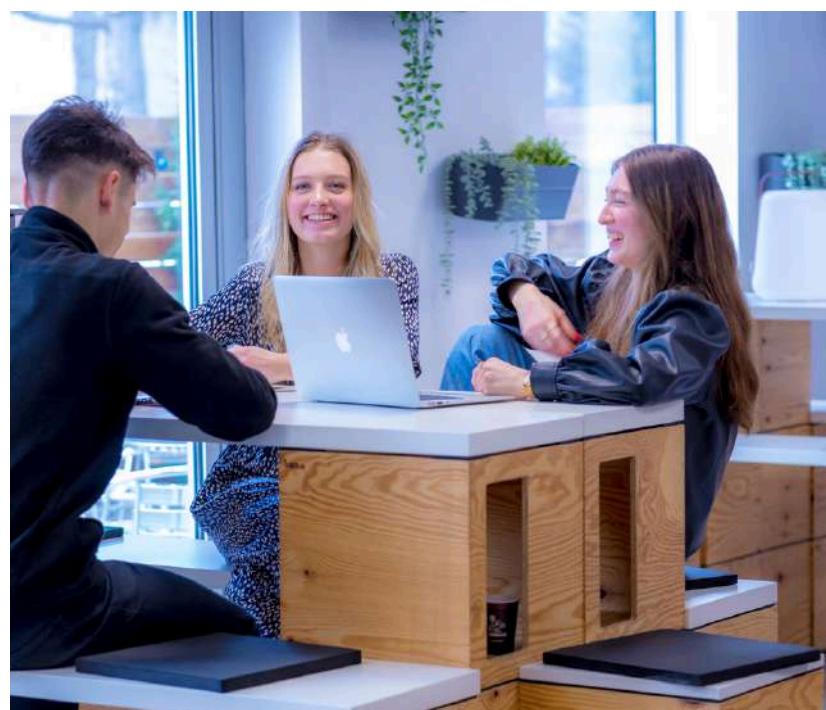

A 2-page report (1000 words max) on the learning journey as a design thinking consultant throughout the programme.

Team presentation (team assignment)

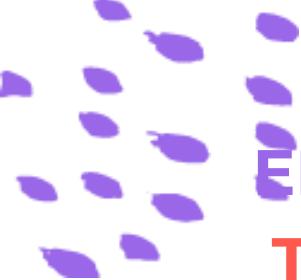

Oral presentation to the company on the last day of the programme (documented in form of a PPT presentation).

WHO CAN APPLY?

- Undergraduate or postgraduate students from any discipline.
- Open-minded individuals who are willing to engage in innovative and action-based learning.
- Students with solid English skills and the social ability to collaborate with peers from diverse countries and fields.
- Students with the personal maturity to engage in introspection and personal development throughout the programme.

WE BELIEVE
IN YOU™

EMPOWERING SUSTAINABILITY TRANSFORMATIVE PATHWAYS IN CONSUMPTION

This interdisciplinary course integrates transformative learning methodologies to provide an in-depth exploration of key pillars of sustainability, including energy conservation, sustainable mobility, sustainable diets, and waste management. Combining theoretical perspectives with experiential activities, the programme encourages students to critically examine the complex systems that shape sustainability challenges and to reflect on their own role within these systems. Through collaborative learning, practical exercises, and guided reflection, participants will not only analyse major sustainability issues but also develop the awareness and skills needed to adopt and promote more sustainable behaviours in their daily lives.

PROGRAMME HIGHLIGHTS

- 5 days – 25 teaching hours – 5 hours per day – 4 ECTS credits.
- Interdisciplinary approach: In-depth exploration of the main pillars of sustainability, including energy conservation, sustainable transport, sustainable diets and waste management.
- Use of innovative teaching methods to encourage a profound change in people's understanding of and approach to sustainability issues.
- Practical application : Implementation of concrete solutions to meet sustainability challenges, by integrating theoretical knowledge into real contexts.
- Extracurricular activities.

WHAT WILL YOU LEARN?

- Integrate interdisciplinary knowledge to understand the role of consumer behaviour in shaping patterns of consumption and their impact on sustainability.
- Analyse the interplay between social, economic, and environmental factors in sustainability.
- Apply transformative and collaborative learning techniques to personal sustainability behaviours.
- Evaluate existing practices and policies in sustainability domains.
- Develop practical skills for implementing sustainable practices.
- Formulate a personal action plan for sustainable living.

PROGRAMME OUTLINE

DAY 1 Introduction to Sustainable Consumption: Transformed & Climate Fresk Workshop

DAY 2 Sustainable diets & Reduced Waste

DAY 3 Water conservation & Energy conservation

DAY 4 Transportation and reduced travel & Sustainable Digital Societies

DAY 5 Sustainable production & Sustainable Living Simulation Game

PROGRAMME ASSESSMENT

Personal growth essay that reflects on the student's journey of transformative learning throughout the course and a comprehensive action plan for advancing sustainability in their personal and professional life.

The essay should include interdisciplinary knowledge on consumer behaviour, be well-documented, drawing on reputable sources to support arguments and illustrated with relevant personal life examples.

WHO CAN APPLY?

- Undergraduate or postgraduate students from any discipline.
- Open-minded individuals who are willing to engage in innovative and action-based learning.
- Students with solid English skills and the social ability to collaborate with peers from diverse countries and fields.
- Students with the personal maturity to engage in introspection and personal development throughout the programme.

A UNIQUE STUDY ENVIRONMENT

DIJON CAMPUS

Nestled in the heart of Dijon's historic center, our beautifully renovated campus offers exceptional quality of life with moderate rents, a scenic urban setting, and easy 10-minute access to the TGV station—all within walking distance of student life hubs.

Designed around student needs, the campus blends collaborative workspaces, an entrepreneurship hub, sports and music studios, and welcoming communal areas, offering a lively and fully integrated university experience.

LYON CAMPUS

In Lyon's vibrant 8th arrondissement, our brand-new campus opened its doors in September 2025. Designed with the spirit of a coworking space, it combines flexibility, creativity, and collaboration to meet the evolving needs of our growing student community.

Every detail of the campus is imagined to enhance the student experience. More than just a place to study, it is a dynamic hub where ideas are shared, projects come to life, and ambitions take shape.

DIJON

A FOOD & CULTURE HUB

**DIJON,
THE “MOST
ATTRACTIVE”
INTERMEDIATE
METROPOLIS
IN FRANCE OF 2025**

Barometre Arthur Loyd

As the capital of one of France's 13 regions, Dijon is a vibrant and youthful metropolis where everything is within easy reach. Concert halls, theatres, festivals, museums, exhibitions, nightlife, and more are just a short walk from campus, offering students an exceptional cultural experience alongside their studies.

Recognized as one of the most environmentally friendly cities in Europe, Dijon is firmly committed to sustainability and to becoming a leader in urban environmental awareness.

LYON

A VIBRANT & CONNECTED CITY

Lyon is a dynamic metropolis with nearly 51,000 jobs in the digital and creative industries and strong links between universities and the many global companies based there.

Having reinvented itself from a proud industrial heritage into a modern hub of education and technology, Lyon now stands as one of Europe's most innovative cities.

Beyond its economic strength, the city boasts a remarkable cultural heritage - from ancient Roman sites to Renaissance architecture - while offering students a vibrant, cosmopolitan lifestyle in France.
